## **IDSafeChoice**

# **Identity Theft Recovery Services**

### **Account Benefit Election**

No one can completely prevent identity theft – but with the right help, you can recover from it! IDSafeChoice is an optional benefit available to all members who are checking accounts at the Credit Union. With this benefit, should you become or suspect you are a victim of identity theft, you will receive professional fully-managed recovery services, including:

- ◆ Services for you, your spouse, your dependents under 25 and your parents living with you, or in a nursing home, hospice, assisted living or deceased less than 12 months.
- ◆ An assigned Recovery Advocate who will perform the steps necessary to recover your good name if identity theft strikes, no matter how it happens.
- ◆ Help when you need it if your identity is compromised through theft, loss or breach.

The IDSafeChoice coverage is available to you for just \$1.75/month.

***To add the IDSafeChoice Recovery Services benefit to your account, simply contact your local branch representative or our Call Center at 877-325-CU4U. Or, complete the form below and return it to your local branch or mail it to: Together Credit Union, 423 Lynch Street, St. Louis, MO 63118.***

***You may enroll for benefit coverage any time prior to an identity theft event.***

**YES, I want the IDSafeChoice Identity Theft Recovery Services benefit added to my checking account. I understand there is a monthly \$1.75 service fee for this benefit.**
